LIGHTER  
brand  
worldwide

**42**  
YEARS  
of expertise

**4**  
FACTORIES  
all around  
the world

**MORE THAN  
50**  
separate automatic  
**QUALITY  
AND SECURITY  
CHECKS**  
during the  
manufacturing  
process

**100%**  
of BIC® POCKET  
lighters are made in our  
**OWN FACTORIES**  
with state-of-the-art  
automatic assembly  
equipment

## 5 GOOD REASONS TO CHOOSE BIC

Every day<sup>(1)</sup>, all over the world, seven million BIC® lighters are chosen by consumers. If BIC® lighters continue to conquer the world 42 years after their inception, it is because quality and safety are number one priorities for us.

**1**

### IN-HOUSE PRODUCTION

BIC® lighter manufacturing is fully integrated from raw materials to packaged lighters. In BIC® lighter factories, located in France, Spain, the United States and Brazil, proprietary manufacturing methods, identical assembly processes and consistent automatic controls guarantee a high and consistent level of quality.

**2**

### SAFETY STANDARDS

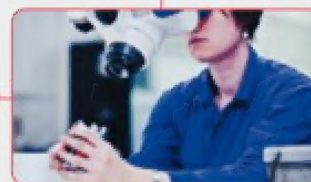

All BIC® pocket lighters meet or exceed international standards (ISO 9994, EN13869). These norms set safety requirements such as resistance to high temperatures, maximum flame height, shock resistance to dropping or child resistance.

**3**

### HIGH-TECH MANUFACTURING PROCESS

BIC has specifically designed and developed state-of-the-art technical equipment, including digital cameras capable of measuring characteristics such as flame height, stability and extinguishment, with extreme precision.

**4**

### A LARGE VARIETY OF CHOICE

Based on a consumer survey<sup>(2)</sup>, each year BIC offers more than a hundred decorated lighters in line with consumers' personal tastes all across Europe.

**5**

### BEST VALUE FOR MONEY

A maxi BIC® flint lighter provides up to 3,000 flames. This is two times more lights than other flint lighters of the same format.<sup>(3)</sup>

(1) Based on 200 days.  
(2) Among 60 series shown to 763 smokers (18-70 years old) in 5 countries (PL, CZ, IT, UK, ES) - Consumer survey - Harris Interactive JAN 2015 - except Message decors  
(3) Internal survey IUMark 2008-2010

Smiley, names, characters and all related indicia are owned by The Smiley Company ©1971-2016. All rights reserved.

The smiley, a designed draw representing a smiling face, appears in the 60's in the USA. Since then, the smiley becomes a real communication tool and a famous world brand. After the success of local partnership with Smiley® World, BIC decided to launch for the first time, at an European level, Smiley® and Smiley® World series.

(1) A Child resistant lighter is not a child proof lighter. A Child resistant lighter is a lighter that at least 85% of children under 50 months of age cannot operate. This means that up to 15% of children may still be able to operate such a lighter. Therefore, adults should always ensure that young children cannot get hold of lighters, even if they are Child resistant. For more information, visit the European Commission website [http://ec.europa.eu/consumers/safety/prod\\_light/prod\\_light\\_en.htm](http://ec.europa.eu/consumers/safety/prod_light/prod_light_en.htm). (\*) A Child-resistant lighter is not a child proof lighter. A Child-resistant lighter is a lighter that at least 85% of children under 51 months of age cannot operate. This means that up to 15% of children may still be able to operate such a lighter. Therefore, adults should always ensure that young children cannot get hold of lighters, even if they are Child-resistant. For more information, visit the European Commission website: [http://ec.europa.eu/consumers/policy/prod\\_legis/prod\\_legislation\\_lighters\\_en.htm](http://ec.europa.eu/consumers/policy/prod_legis/prod_legislation_lighters_en.htm)

## LIGHTING IS AN EVERYDAY OCCASION

Everyday Cooking

Camping

Barbecue

Birthday parties

Entertainment at home

Relaxing time

Cooling up by the fireplace

Celebration

**UTILITY LIGHTER SEGMENT CAN KEEP ON GROWING IF WE MARKET IT EVEN MORE!**

**1**

### DEVELOP PENETRATION

Recruit new consumers by developing awareness of Utility lighters' usages & benefits.

**2**

### INCREASE VISIBILITY

Develop sales through increased shopper visibility thanks to a larger Utility lighter range and a multiple implementation in store consistent with the usages.

**3**

### TRIGGER IMPULSE PURCHASES

Create impactful in-store initiatives & promotions to entice each consumer target at key moments of the year.

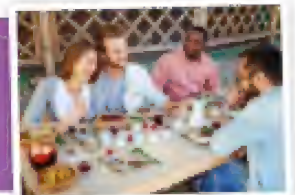

## 4 GROWTH DRIVERS

TO FURTHER DEVELOP THE UTILITY LIGHTER MARKET

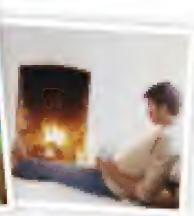

Propose to women & families who are lighting candles at the dinner table while entertaining friends and family at home. A colourful, stylish flame-producing accessory.

Convince parents who are organizing celebration and birthday parties that a utility lighter is the safest and most convenient tool to light up candles especially when kids are around.

Provide adults who are lighting the BBQ in the summer and fireplaces in the winter with the best performing and resistant tool to light fire efficiently.

Offer adults, who like to enjoy relaxing moments at home, a comfortable and easy-to-use utility lighter to light their scented candles and fireplaces.

STARTING IN 2016 WITH THE NEW  
BIC MEGALIGHTER™ RANGE

# UTILITY LIGHTERS
